DEVELOPMENT BOARD IN ANNUAL MEETING

It Will Be Satisfied With Nothing Less
Than a Department of
Immigration.

The annual meeting of the Arizona development board was held in the rooms of the Phoenix board of trade yesterday morning, at 9:30 o'clock, being preceded by a breakfast served under the direction of the local members of the organization. The session was opened by Colonel McClintock who welcomed the guests on behalf of the local board of trade.

Bishop Atwood, the first speaker chose as his subject "Co-operation and Getting together," and suggested that an effort be brought by the board

upon everyone who is accustomed to take vacation to the coast and other places in the heat of summer, to direct these vacations to other parts of the state. He said there should be less discrimination between cities and sections of the country, and emphasized the importance of the mutual support of each town to each other, for the benefit of the whole of Arizona.

The next subject under discussion was the creation of a state bureau of immigration, and the matter was talked of at some length and in detail, at the conclusion of which the board decided to submit a bill to the legislature for the creation of the department, and to send a copy of the bill to all the organizations of the state and nominees for office asking for advice and support of the measure.

President Fallor advised that the next development board would hold its meeting at Tucson next May. Membership dues were settled at two dol-

lars for the coming year. A vote of thanks was offered to Bishop Atwood and similar action was taken in favor of the Phoenix board of trade for its entertainment and the aid it has been in making the meeting a success.

All officers of the past year were elected. The delegates present follow: Wm. F. Durnout, Fred W. Smith, Mr. Charles W. Elliott, Williams; H. E. Dunlap, J. W. Dutuars, Wilcox; G. C. Dunn, A. S.
